BlueChoice Healthcare Plan (HMO)

Coverage for the Employee's Dependents

If the Employee is covered by this Plan, the Employee may enroll his or her eligible Dependents. The Employee Covered Dependent are also called Participants.

If the wrong birth date of a child is entered on an application, the child has no coverage for the period for which he or she is not legally eligible. Any overpayments made for coverage for any child under these conditions will be refunded by either the Employee or the Claims Administrator.

Eligible Dependents Include:

- The Employee's Spouse (For the purpose of this Plan, a Spouse is defined as a person who is married to a person of the opposite sex from that of the enrolling Employee);
- The Employee's unmarried dependent children. Also included are the legally adopted children from the date the Employee assumes legal responsibility, children for whom the Employee assumes legal guardianship and stepchildren and the Employee's children (or children of the Employee's Spouse) for whom the Employee has legal responsibility resulting from a valid court decree until attaining age 19. Children may be covered until attaining age 26 provided they remain the Employee's Dependents and, in each calendar year since reaching age 19, are enrolled as full-time students in a post-secondary institution of higher learning for five calendar months or more. Children up to and including age 25 that were required to withdraw enrollment from a post-secondary institution, prevented from enrollment, or required to reduce enrollment below the level required for full-time status as a result of an injury or illness shall be entitled to the same benefits as if the Dependent continued to be enrolled as a full-time student. The student will be covered until December 31 of that year, provided they are enrolled 5 months of a calendar year. If a student is enrolled during the fifth month, they are considered enrolled for the entire month. Employees are required to submit notification for full-time student status with a copy of a school transcript showing enrollment and credit hours each year. Once the dependent no longer meets the eligibility requirements for student status, employees are required to submit to Human Resources a Benefit Change Form to cancel coverage.
- Unmarried children who are mentally or physically handicapped and totally dependent on the Employee for support, regardless of age with the exception of incapacitated children age 19 or older. To be eligible for coverage as an incapacitated Dependent, the Dependent must have been covered under this Plan prior to reaching age 19. Certification of the handicap is required within 30 days of attainment of age 19. A certification form is available from the Employer or from the Claims Administrator and may be required periodically but not more frequently than annually after the two year period following the child's attainment of the limiting age.
- If both the Employee and his Spouse are employees of two different employers under the Cobb County Plan, each employee must be covered by his employed jurisdiction. In no event may either employee be covered both as an Employee and as a dependent under the Plan. If either employee should leave their jurisdiction, the other employee may pick up that Spouse and/or dependent children under his plan within 30 days of the break in service, with no waiting periods or special requirements.

Initial Enrollees

Initial Enrollees and eligible Dependents, who were previously enrolled under group coverage which this Plan replaces, are eligible for coverage on the Effective Date of this coverage.

New Hires

Applications for enrollment must be submitted within 30 days from the date the Employee is eligible to enroll as set by the Employer. Applications for membership may be obtained from the Employer. Coverage will be effective based on the waiting period chosen by your employer. If the Employee or the Employee's Dependents do not enroll when first eligible, the Employee and the Employee's Dependents will be treated as a Late Enrollee. Please refer to the " **Late Enrollees** " provision listed below.

Late Enrollees

If the Employee or the Employee's Dependents do not enroll when first eligible, it will be necessary to wait for the next open enrollment period. However, the Employee or the Employee's Dependents may be eligible for special enrollment as set out below.

BlueChoice Healthcare Plan (HMO)

Special Enrollment Periods

There are special enrollment periods for Employees or Dependents who:

1. Originally declined coverage because of other coverage, and
2. Exhausted COBRA benefits, lost eligibility for prior coverage, or Employer contributions toward coverage were terminated.
3. An individual who declined coverage must have certified in writing that they were covered by another health plan when they initially declined coverage under this Plan in order to later qualify under this special enrollment. Persons declining coverage will be given notice of the consequences when he or she originally decline coverage.

In addition, there are also special enrollment periods for new Dependents resulting from marriages, births or adoptions. An unenrolled Participant may enroll within 30 days of such a special qualifying event.

Important Notes:

1. Individuals enrolled during special enrollment periods are **not** Late Enrollees.
2. Individuals or Dependents must request coverage within 30 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).

Medicaid and CHIP Special Enrollment/Special Enrollees

Eligible Employees and Dependents may also enroll under two additional circumstances:

- the Employee's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- the Employee or Dependent becomes eligible for a subsidy (state premium assistance program)

The Employee or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

When Coverage Begins

If the Employee applies when first eligible, coverage will be effective on the date the Employer's length-of-service requirement has been met. The Effective Date of coverage is subject to any length-of-service provision the Employer requires.

Changing Coverage

There may be an annual re-enrollment period during which time Participants may elect to change their options.

Types of Coverage

The types of coverage available to the Employee is indicated at the time of enrollment through the Employer.

Changing Coverage (Adding a Dependent)

As the Employee's family increases, the Employee may add new Dependents by contacting the Plan Administrator. The Employee or the Plan Administrator must notify the Claims Administrator in writing. The Plan Administrator is the person named by the Employer to manage the Plan and answer questions about Plan details.

Coverage is provided only for those Dependents who have been reported to the Claims Administrator and added to the coverage by completing the correct application.

Changing Coverage or Removing a Dependent

When any of the following events occur, notify the Employer and ask for appropriate forms to complete within 30 days of the event:

- Change in legal marital status, including marriage, death of a Spouse, divorce, legal separation or annulment;
- Change in the number of dependents, including birth, adoption, placement for adoption or death of a dependent;
- Change in employment status, including termination or commencement of employment of the employee, Spouse or dependent

BlueChoice Healthcare Plan (HMO)

- Changes in work schedule, including an increase or decrease in the number of hours of employment by the employee, Spouse or dependent, including a switch between full time and part time status, a strike or lockout or commencement or return from unpaid leave of absence.
- Enrolled Dependent child satisfies or ceases to satisfy the requirements for unmarried dependents (reaches age 19) or the Dependent marries (see “When Coverage Terminates”) or no longer meets the requirements of full time student status;
- Enrolled Dependent child becomes totally or permanently disabled.
- A change in the place of residence or worksite of the employee, Spouse or dependent that affects eligibility under the plan.

Marriage and Stepchildren

An Employee may add a Spouse and eligible stepchildren within 30 days of the date of marriage by submitting a change-of-coverage form. The Effective Date will be the date of marriage. Remember, there will be an additional charge.

If an Employee does not apply for coverage to add a Spouse and stepchildren within 30 days of the date of marriage, the Spouse and stepchildren are considered Late Enrollees. Please refer to the “**Late Enrollees**” provision in this section.

Newborn and Adopted Children

A newborn or an adopted child is covered automatically for 30 days from the moment of birth or date of assumption of legal responsibility up to age 19. If additional Premium is required to continue coverage beyond the 30 day period, the Employee must notify the Claims Administrator of the birth or adoption and pay the required Premium within the 30 day period or coverage will terminate. Types of coverage requiring additional Premium include One-Person Coverage and Two-Person Coverage. If an Employee has Family Coverage or Multi-Person Coverage, no additional Premium is required and coverage automatically continues. However, the Employee should notify the Claims Administrator of the birth or adoption within 30 days to ensure accurate records and timely payment of claims.

Extending coverage for a newborn child or an adopted child being added to One-Person or Two-Person Coverage beyond the 30 day period requires Late Enrollment. Please refer to the “**Late Enrollees**” provision in this section.

Foster Children

Foster children are children of those whose parental rights have been terminated by the state and who have been placed in an alternative living situation by the state. A child does not become a foster child when the parents voluntarily relinquish parental power to a third party.

Foster children for whom an Employee assumes legal responsibility are not covered automatically. In order for a foster child to have coverage, an Employee must provide confirmation of a valid foster parent relationship to the Claims Administrator. Such confirmation must be furnished at the Employee’s expense. When the application is processed, the Effective Date will be the first of the month following your Employer’s Employee waiting period.

OBRA 1993 and Qualified Medical Child Support Orders

The Omnibus Budget Reconciliation Act of 1993 (OBRA 1993) provides specific rules for the coverage of adopted children and children subject to a Qualified Medical Child Support Order (QMCSO).

An eligible Dependent child includes:

- An adopted child, regardless of whether or not the adoption has become final.
 - An “adopted child” is any person under the age of 18 as of the date of adoption or placement for adoption. “Placement for adoption” means the assumption and retention by the Employee of the legal obligation for the total or partial support of a child to be adopted. Placement ends whenever the legal support obligation ends.
- A child for whom an Employee has received a MCSO (a “Medical Child Support Order”) which has been determined by the Employer or Plan Administrator to be a Qualified Medical Child Support Order (“QMCSO”).

BlueChoice Healthcare Plan (HMO)

- Upon receipt of an MCSO, the Employer or Plan Administrator will inform the Employee and each affected child of its receipt of the order and will explain the procedures for determining if the order is a QMCSO. The Employer will subsequently notify the Employee and the child(ren) of the determination.

A QMCSO cannot require the Employer to provide any type or form of benefit that it is not already offering.

If the Employee Has To Be Away From Work

The Employer may (but is not required to) consider the Employee as an active Employee (and continue the Employee's coverage) even though the Employee is:

- Put on approval leave of absence; or
- Unable to work because of Injury or sickness;
- On approved FMLA leave of absence. In all events, the Plan will be administered in accordance with the requirement of the FMLA.

The employer must treat all Employees the same for purposes of continuing coverage under the Health Benefit Plan. If the Employee's coverage is so continued, it will be on the earliest of the following date:

- The date the Employer no longer considers the Employee as an active Employee;
- The date which ends the period for which the contribution for the Employee's coverage was last paid; or
- The date which ends the Maximum Continuation Period for which the coverage can be continued. The Maximum Continuation Period is shown below:

For Absence Due To

Approved leave of absence (Other than Injury of Sickness)

Maximum Continuation Period

90 days

The Employee must pay any applicable contribution during his absence.

For Absence Due To

Injury of Sickness

Maximum Continuation Period

The first 90 day period begins on the date the Employee stops Active Work due to Injury or Sickness;

The Employee must pay any applicable contribution during his absence.

For each 90 day period after that, the Employee must furnish proof from his doctor of his continued inability to work due to Injury or Sickness.

The Employee must pay any applicable contribution during his absence.

For Absence Due To

Approved Family Medical Leave Act of Absence

Maximum Continuation Period

12 weeks

If an Employee is receiving long term disability benefits from the Employer's group plan and has a minimum of ten (10) years of service, health benefits may be continued indefinitely.

If an Employee must be away from active work for any reason, the Employee will need to contact the Employer.

BlueChoice Healthcare Plan (HMO)

Family and Medical Leave

If a covered Employee ceases active employment due to an Employer-approved medical leave of absence, in accordance with the Family and Medical Leave Act of 1993 (FMLA), coverage will be continued for up to 12 weeks under the same terms and conditions which would have applied had the Employee continued in active employment. The Employee must pay his or her contribution share toward the cost of coverage, if any contribution is required.

Employee Not Actively at Work

New Hires

Generally, if an Employee is not actively at work on the date his or her coverage is to be effective, the Effective Date will be postponed until the date the Employee returns to active status. If an Employee is not actively at work due to health status, this provision will not apply. An Employee is also a person still employed by the Group but not currently active due to health status.

Portability Provision

The Effective Date of coverage is subject to any length-of-service provision the Employer requires. A newly eligible person is an individual who was not previously eligible for coverage under this Plan.

BlueChoice Healthcare Plan (HMO)

How Benefits Work

Note: Capitalized terms such as Covered Services, Medical Necessity, Network Hospitals and Out-of-Pocket Limit are defined in the "Definitions" section.

Introduction

BlueChoice Healthcare Plan is a comprehensive plan that provides Primary and Referral health care services. All In-Network Care must be received from or coordinated through your Primary Care Physician. Direct Access In-Network is available for a gynecologist for obstetrical or gynecological-related conditions; a dermatologist; and an optometrist or ophthalmologist for medical conditions only. All Covered Services must be Medically Necessary, and coverage or certification of services that are not Medically Necessary may be denied.

Physicians and Hospitals participating in our networks are compensated using a variety of payment arrangements, including capitation, fee for service, per diem, discounted fees, and global reimbursement.

Eligible Charges

For In-Network services, Eligible Charges are determined by: (a) BCBSHP's negotiated arrangements; (b) pre-determined fee schedules; and (c) the applicable Reimbursement Rate. For Out-of-Network services, Eligible Charges are determined by: (a) BCBSHP's Usual, Customary and Reasonable (UCR) Fees; (b) a Provider's contracted fee schedule; (c) the applicable Reimbursement Rate; or (d) negotiated fees. Reimbursement for Out-of-Network, Participating and Non-Participating Providers is based on Eligible Charges for the type of service a Participant receives, for example, Hospital or Physician services.

Copayment

An Employee will be charged a Copayment amount for certain services; the Copayment amount may be a flat-dollar amount or a percentage of the total charge. Copayment amounts are shown in the **Summary of Benefits**. The emergency room Copayment is waived if an Employee is admitted to the Hospital through the emergency room.

Coinsurance and Out-of-Pocket Limit

The **percentage payable** by us is stated in the **Summary of Benefits**. The portion which you must pay (the Coinsurance) is stated in the **Summary of Benefits**. After you reach your Out-of-Pocket Limit (if applicable), your Plan pays 100% of Eligible Charges for the remainder of the calendar year. The Out-of-Pocket Limit benefit does not apply to any Copayment.

See the Summary of Benefits to determine if you have a Coinsurance Amount and an Out-of-Pocket Limit.

BlueChoice Healthcare Plan (HMO)

Pre-Admission Certification (PAC)

Hospital Pre-certification

The Pre-Admission Certification Process

- Length-of-Stay Assignment indicates the number of Inpatient days usually Medically Necessary to treat a condition;
- Continued Stay Review/Concurrent Review determines whether a continued Inpatient stay is Medically Necessary;

If your stay exceeds the number of days assigned under this Plan, the Hospital's charge for additional days beyond the assigned length of stay will not be paid. If all Primary Care Physician or Referral Specialist guidelines are followed, you will not be responsible for any eligible Hospital charge in excess of any applicable Copayment or Coinsurance amounts;

- Admission Review determines whether an unscheduled Inpatient admission or an admission not subject to pre-certification was Medically Necessary;
- Discharge Planning assesses the Participant's need for additional treatment after Hospital discharge.

In-Network Care

- If you are hospitalized other than in a Medical Emergency and pre-admission certification was not obtained, all charges will be denied. You will be held harmless if all Network guidelines are followed. This means you will not be responsible for any bill in excess of the Copayments or Coinsurance that apply.
- Ineligible Charges and Non-Covered Services are always the Participant's responsibility.
- PAC is the responsibility of the admitting Physician.

Pre-Admission Certification is not a guarantee of payment

Admissions are approved only when the appropriateness of the Inpatient setting can be substantiated. Actual payment is based upon eligibility for coverage and the Effective Date for any Participant and also will be dependent on, but not limited to, specific Group coverage and the status of the coverage on the date services are rendered. The Plan will not cover services related to specific Plan exclusions and limitations, including but not limited to, Custodial Care, Experimental and Investigational procedures and services determined not Medically Necessary.

Outpatient Pre-certification Requirements

Outpatient pre-certification is a requirement for Network benefits. Your Plan provides Covered Services when outpatient services are Medically Necessary. Certain outpatient procedures require pre-certification from the Claims Administrator. Such services include, but are not limited to, outpatient surgical procedures, diagnostic imaging procedures, laboratory services, and Durable Medical Equipment.

Pre-certification is required for the following outpatient procedures:

- Arthroscopy – shoulder & knee
- Biofeedback
- CT Scan (Computed Tomography Scan)
- CTA
- Echocardiography (if not ordered by a Cardiologist)
- Home Health Care
- Hysterectomy (under age 35)

Coordination of Benefits (COB)

If you, your Spouse, or your Dependents have duplicate coverage under another BlueChoice Healthcare Plan BCBSGA plan, any other group medical expense coverage, or any local, state or governmental plan (except school accident insurance coverage and Medicaid), then benefits payable under this Plan will be coordinated with the benefits payable under the other plan. The total benefits paid by both plans will not exceed 100% UCR, the per diem negotiated fee or the contracted amount.

Allowable Expense means any necessary, reasonable and customary expense at least a portion of which is covered under at least one of the plans covering the person for whom the claim is made. The claim determination period is the calendar year.

Order of Benefit Determination

When you have duplicate coverage, claims will be paid as follows:

- **Automobile Insurance.** Medical benefits available through automobile insurance coverage will be determined before that of any other plan if the automobile coverage has either no order of benefit determination rules or it has rules which differ from those permitted under applicable Georgia Insurance Regulations.
- **Non-Dependent/Dependent.** The benefits of the plan which covers the person as an Employee (other than as a Dependent) are determined before those of the plan which covers the person as a Dependent.
- **Dependent Child/Parents Not Separated or Divorced.** Except as stated below, when this Plan and another plan cover the same child as a Dependent of different persons, called “**parents**”:
 - **The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year.**
 - If both parents have the same birthday, the benefits of the plan which covered the parent longer are determined before those of the plan which covered the other parent for a shorter period of time. However, if the other plan does not have the rule described above, but instead has a rule based on the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.
- **Dependent Child/Parents Separated or Divorced.** If two or more plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:
 - first, the plan of the parent with custody of the child;
 - then, the plan of the Spouse of the parent with custody of the child; and
 - finally, the plan of the parent not having custody of the child.
- **Medicare**
 - Any benefits covered under both this Benefit Booklet and Medicare will be paid pursuant to Medicare Secondary Payor legislation, regulations, and Centers for Medicare and Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Benefit Booklet provisions and federal law.
 - Except when federal law requires the Plan Sponsor to be the primary payor, the benefits under this Benefit Booklet for Participants age 65 and older, or Participants otherwise eligible for Medicare, do not duplicate any benefit for which Participants are entitled under Medicare, including Part B. Where Medicare is the responsible payor, all sums payable by Medicare for services provided to Participants shall be reimbursed by or on behalf of the Participants, to the extent the Claims Administrator has made payment for such services. For the purposes of the calculation of benefits, if the Participant has not enrolled in Medicare Part B, the Claims Administrator will calculate benefits as if they had enrolled.

However, if the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses, and the company obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first. This paragraph does not apply with respect to any claim determination period or plan year during which any benefits are actually paid or provided before the company has that actual knowledge.

BlueChoice Healthcare Plan (HMO)

- **Joint Custody.** If the specific terms of a court decree state that the parents shall have joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined above for “Dependent Child/Parents not Separated or Divorced.”
- **Active/Inactive Employee.** The benefits of a plan that covers a person as an Employee who is neither laid off nor retired (or as that Employee’s Dependent) are determined before those of a plan that covers that person as a laid-off or retired Employee (or as that Employee’s Dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the plan which covered an Employee or Participant longer are determined before those of the plan that covered that person for the shorter time.

Effect on the Benefits of this Plan

This section applies when, in accordance with the Order of Benefit Determination Rules, this Plan is a secondary Plan to one or more other plans. In that event the benefits of this Plan may be reduced under this section. Such other plan or plans are referred to as “the other plan” below.

Reduction in this Plan’s benefits. The benefits of this Plan will be reduced when the sum of:

- the benefits that would be payable for the Allowable Expenses under this Plan in the absence of this provision; and
- the benefits that would be payable for the Allowable Expenses under the other plans, in the absence of provisions with a purpose like that of this provision, whether or not claim is made, exceed those Allowable Expenses in a claim determination period. In that case, the benefits of this Plan will be reduced so that they and the benefits payable under the other plans do not total more than those Allowable Expenses.

When the benefits of this Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Plan.

Miscellaneous Rights

- **Right to Receive and Release Necessary Information.** Certain facts are needed to apply these rules. We have the right to decide which facts we need. We may get needed facts from or give them to any other organization or person as necessary to coordinate benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give us any facts needed to pay the claim.
- **Facility of Payment.** A payment made under another plan may include an amount which should have been paid under this Plan. If it does, we may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Plan. We will not have to pay that amount again.
- **Right of Reimbursement.** If the amount of the payment made by us is more than it should have paid under this provision, we may recover the excess from one or more of:
 - the persons we have paid or for whom we have paid,
 - insurance companies, or
 - other organizations.

BlueChoice Healthcare Plan (HMO)

Subrogation

The Plan reserves the right to be reimbursed for benefits paid under this Plan if the person for whom benefits are paid has a right to recover these benefits from a third party. This is called **subrogation**. This provision helps control the cost of the Plan by limiting certain recoveries to the actual medical expense lost. In no instance shall a Participant be asked to reimburse more than the actual medical expenses paid on the Participant's behalf.

Right of Subrogation If a Participant incurs medical expenses as the result of injuries suffered because of the alleged negligence or misconduct of another person, the Participant may have a claim against that person for payment of medical bills. The Plan will be subrogated to the right of recovery the Participant has against the other person.

This right shall be only to the extent of benefits paid by the Plan for medical expenses. The Participant will be required to reimburse the Plan out of any monies the Participant receives from the other person or his or her insurance company as a result of judgment, settlement or otherwise. The Participant will be required to furnish the Plan information and assistance required to enforce this right of subrogation. The right of subrogation shall not apply to any recovery the Participant obtains from any insurance company under which the Participant is the insured person. The purpose of this provision is to help provide insurance at reasonable rates. Subrogation will be administered by the Claims Administrator.

The Participant shall provide notice of the existence of a claim for recovery against a third party by certified mail to: Personnel Director, Cobb County Government, 100 Cherokee Street, Suite 350, Marietta, GA 30090-9679.

The purpose of this provision is to help provide insurance at reasonable rates.

Licensed Controlled Affiliate

The Participant hereby expressly acknowledges his/her understanding that this policy constitutes a contract solely between the Participant Group and BCBSHP, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the "Association"), permitting us to use the Blue Cross and Blue Shield Service Marks in the state of Georgia, and that we are not contracting as the agent of the Association. The Participant's Group further acknowledges and agrees that it has not entered into this policy based upon representations by any person other than BCBSHP and that no person, entity, or organization other than BCBSHP shall be held accountable or liable to the Participant for any of our obligation to the Participant created under this policy. This paragraph shall not create any additional obligations whatsoever on the part of BCBSHP other than those obligations created under other provisions of this agreement.

Calculation of Coinsurance and Other Participant Liability

When you obtain health care services through BlueCard outside the geographic area BCBSHP serves, the amount you pay for Covered Services is calculated on the **lower** of:

- The billed charges for your Covered Services, or
- The negotiated price that the on-site Blue Cross and/or Blue Shield Plan ("Host Blue") passes on to us.

Often, this "negotiated price" will consist of a simple discount which reflects the actual price paid by the Host Blue. But sometimes it is an estimated price that factors into the actual price expected settlements, withholds, any other contingent payment arrangements and non-claims transactions with your health care provider or with a specified group of providers. The negotiated price may also be billed charges reduced to reflect an **average** expected savings with your health care provider or with a specified group of providers. The price that reflects average savings may result in greater variation (more or less) from the actual price paid than will the estimated price. The negotiated price may also be adjusted in the to correct for over- or underestimation of past prices. However, the amount you pay is considered a final price.

Statutes in a small number of states may require the Host Blue to use a basis for calculating your liability for Covered Services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or to add a surcharge. Should any state statutes mandate your liability calculation methods that differ from the usual BlueCard method noted above or require a surcharge, BCBSHP would then calculate your liability for any covered health care services in accordance with the applicable state statute in effect at the time you received your care.

BlueChoice Healthcare Plan (HMO)

When Coverage Terminates

Termination of Coverage

Membership for Participants may be continued as long as the Employee is employed by the Employer and meets eligibility requirements. It ceases if employment ends or if a Participant fails to make any required contribution toward the cost of coverage. In either instance, coverage would end at the expiration of the period covered by the Participant's last contribution. Coverage for a deceased Employee's covered dependents will continue for a period of 90 days from the date of death. *If the employee suffered a fatal injury by accident arising out of and in the course of his/her employment, his/her covered Spouse shall be entitled to continued coverage for a period of five years from the date of death. Covered dependent children shall continue coverage to the earlier of the date they last meet the eligibility requirements or until they attain age 19. Fatal injury will specifically exclude the following: injury caused by the willful act of a third person directed against an employee for reasons personal to such employee; a disease in any form; heart disease, heart attack, stroke, the failure or occlusion of any of the coronary blood vessels, or thrombosis; alcoholism or drug addition resulting in death.*

You must notify the County's benefit Plan Administrator within 30 days of your divorce, legal separation or the failure of your enrolled Dependents to meet the Plan's definition of Dependent. Thereafter, the Plan Administrator will notify qualified beneficiaries of their rights within 14 days.

Should you fail to notify the Plan Administrator within 60 days of your Dependent's loss of plan eligibility the County will, upon becoming aware of the situation, immediately cancel coverage for the dependent and, at its discretion, will take one of the following two actions:

1. Charge you the COBRA premium for the affected dependent for the period of coverage from the date of eligibility loss to the date the County became aware of the ineligible dependent, payable through payroll deduction, or
2. Retroactively deny coverage, including any claims incurred, to the date of eligibility loss.

If your employer normally employs 20 or more people, and your employment is terminated for any reason other than gross misconduct, instead of the three months continuation benefit described above, you may elect from 18-36 months of continuation benefits.

Qualifying events for Continuation Coverage under Federal Law (COBRA)

COBRA continuation coverage is available when your group coverage would otherwise end because of certain "qualifying events." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your Spouse and your Dependent children could become qualified beneficiaries if covered on the day before the qualifying event and group coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each member of your family who is enrolled in the company's Employee welfare benefit plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Employees may elect COBRA continuation coverage on behalf of their Spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Employee during the period of continuation coverage is also eligible for election of continuation coverage.

BlueChoice Healthcare Plan (HMO)

Initial Qualifying Event	Length of Availability of Coverage
<p><u>For Employees:</u> Voluntary or Involuntary Termination (other than gross misconduct) or Reduction In Hours Worked</p>	18 months
<p><u>For Spouses/ Dependents:</u> A Covered Employee's Voluntary or Involuntary Termination (other than gross misconduct) or Reduction In Hours Worked</p> <p>Covered Employee's Entitlement to Medicare</p> <p>Divorce or Legal Separation</p> <p>Death of a Covered Employee</p>	18 months 36 months 36 months 36 months
<p><u>For Dependents:</u> Loss of Dependent Child Status</p>	36 months

Continuation coverage stops before the end of the maximum continuation period if the Member becomes entitled to Medicare benefits. If a continuing beneficiary becomes entitled to Medicare benefits, then a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if you become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for your Spouse and children can last up to 36 months after the date of Medicare entitlement.)

If you are a retiree under this plan, filing a proceeding in bankruptcy under Title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage, you will become a qualified beneficiary with respect to the bankruptcy. Your surviving Spouse and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life. His or her Spouse and Dependents may continue coverage for a maximum period of up to 36 months following the date of the retiree's death.

Second qualifying event

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage (or 29 months, if the disability provision applies), your Spouse and dependent children can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Spouse or dependent children to lose coverage under the plan had the first qualifying event not occurred. A qualified beneficiary must give timely notice to the Plan Administrator in such a situation.

Notification Requirements

In the event of your termination, lay-off, reduction in work hours or Medicare entitlement, your employer must notify the company's benefit Plan Administrator within 30 days. You must notify the company's benefit Plan Administrator within 60 days of your divorce, legal separation or the failure of your enrolled Dependents to meet the program's definition of Dependent. Thereafter, the Plan Administrator will notify qualified beneficiaries of their rights within 14 days.

BlueChoice Healthcare Plan (HMO)

To continue enrollment, you or an eligible family member must make an election within 60 days of the date your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies you or your family member of this right, whichever is later. You must pay the total Premium appropriate for the type of benefit coverage you choose to continue. If the Premium rate changes for active associates, your monthly premium will also change. The Premium you must pay cannot be more than 102% of the Premium charged for Employees with similar coverage, and it must be paid to the company's benefit Plan Administrator within 30 days of the date due, except that the initial Premium payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

For Employees who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Employees who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Employees' Dependents are also eligible for the 18 to 29-month disability extension. (This provision also applies if any covered family member is found to be disabled.) This provision would only apply if the qualified beneficiary provides notice of disability status within 60 days of the disabling determination. In these cases, the employer can charge 150% of Premium for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration's determination.)

Continuation of Coverage (Federal Law – USERRA)

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Participant may have a right to continuation of benefits subject to the conditions described below.

Under USERRA, if the Employee (or his or her Dependents) is covered under this Plan, and if the Employee becomes absent from employment by reason of military leave, the Employee (or his or her Dependents) may have the right to elect to continue health coverage under the plan. In order to be eligible for coverage during the period that the Employee is gone on military leave, the Employee must give reasonable notice to the employer of his or her military leave and the Employee will be entitled to COBRA-like rights with respect to his or her medical benefits in that the Employee and his or her Dependents can elect to continue coverage under the plan for a period of 24 months from the date the military leave commences or, if sooner, the period ending on the day after the deadline for the Employee to apply for or return to work with the Employer. During military leave the Employee is required to pay the employer for the entire cost of such coverage, including any elected Dependents' coverage. However, if the Employee's absence is less than 30 days, the employer must continue to pay its portion of the Premiums and the Employee is only required to pay his or her share of the Premiums without the COBRA-type 2% administrative surcharge.

Also, when the Employee returns to work, if the Employee meets the requirements specified below, USERRA states that the employer must waive any exclusions and waiting periods, even if the Employee did not elect COBRA continuation. These requirements are (i) the Employee gave reasonable notice to his or her Employer of military leave, (ii) the military leave cannot exceed a prescribed period (which is generally five (5) years, except in unusual or extraordinary circumstances) and the Employee must have received no less than an honorable discharge (or, in the case of an officer, not been sentenced to a correctional institution), and (iii) the Employee must apply for reemployment or return to work in a timely manner upon expiration of the military leave (ranging from a single day up to 90 days, depending upon the period that he or she was gone). The Employee may also have to provide documentation to the employer upon reemployment that would confirm eligibility. This protection applies to the Employee upon reemployment, as well as to any Dependent who has become covered under the Plan by reason of the Employee's reinstatement of coverage.

BlueChoice Healthcare Plan (HMO)

Trade Adjustment Act Eligible Individual

If you don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for COBRA coverage under this plan, you will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which you become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period. You may also be eligible to receive a tax credit equal to 65% of the cost for health coverage for you and your Dependents charged by the plan. This tax credit also may be paid in advance directly to the health coverage provider, reducing the amount you have to pay out of pocket.

When COBRA Coverage Ends

These benefits are available without proof of insurability and coverage will end on the earliest of the following:

- a covered individual reaches the end of the maximum coverage period;
- a covered individual fails to pay a required Premium on time;
- a covered individual becomes covered under any other group health plan after electing COBRA. If the other group health plan contains any exclusion or limitation on a pre-existing condition that applies to you, you may continue COBRA coverage only until these limitations cease;
- a covered individual becomes entitled to Medicare after electing COBRA; or
- the Group terminates all of its group welfare benefit plans.

Coordination of Benefits

A provision that is intended to avoid claims payment delays and duplication of benefits when a person is covered by two or more plans providing benefits or services for medical, dental or other care or treatment. It avoids claim payment delays by establishing an order in which plans pay their claims and providing an authority for the orderly transfer of information needed to pay claims promptly. It may avoid duplication of benefits by permitting a reduction of the benefits of a plan when, by the rules established by this provision, it does not have to pay its benefits first.

The Participant is usually responsible for payment of the Copayment at the time the health care is rendered.  - compatible with the standards of acceptable medical practice in the United States;
 - not provided solely for your convenience or the convenience of the doctor, health care provider or Hospital;

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate lifetime limits, calendar year dollar limits, and treatment limitations (day or visit limits) on mental health and substance abuse benefits with dollar limits or day/visit limits on medical/surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set calendar year dollar limits, lifetime dollar limits, or day/visit limits on mental health or substance abuse benefits that are lower than any such dollar limits or day/visit limits for medical and surgical benefits. A plan that does not impose calendar year dollar limits, lifetime dollar limits, or day/visit limits on medical and surgical benefits may not impose such dollar limits or day/visit limits on mental health and substance abuse benefits offered under the Plan. Also, the Plan may not impose Deductibles, Copayment/Coinsurance and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than Deductibles, Copayment/Coinsurance and out of pocket expenses applicable to other medical and surgical benefits.
